## George Whitesides

---

**Any insight about cyber security concerns with space industry and commercialization? Not only risks, but also opportunities** 11 votes

No response available.

---

**Does VG consider the possibility of future expansion to multiple spaceports?** 10 votes

No response available.

---

**Congrats and all of VG's amazing success! When will the tickets prices be below \$60k?** 9 votes

No response available.

---

**If (when) another space company starts using spaceport, what services that you buy would you consider sourcing in coordination? E.g payload processing, recovery, etc.** 7 votes

No response available.

---

**Other than Boeing, would Spaceport America actively seek other partnerships?** 7 votes

No response available.

---

**VG is now a stakeholder in NM education. What can we expect to see from your company in terms of participating and assisting in building programs that will foster opportunities for students to have careers not only with VG but with NM's aerospace industry as a whole?** 5 votes

No response available.

---

**can explain what is being done to create parameters for products or services needed in space that the common biz venture might be able to use to develop products or services re space** 5 votes

No response available.

---

**How will research payloads be accessed by outside entities and what is the program for research payloads?** 5 votes

No response available.

---

**Has VG put effort to enable younger passengers to spark excitement for space flight in coming generations? Scholarships?** 3 votes

No response available.

---

**Why can't more of Virgin's development work be done in New Mexico?** 2 votes

No response available.

---

**Beth Moses has flown and Loretta Whitesides will fly soon. How does it feel to help your significant other go into space.** 2 votes

No response available.

---

**Could Virgin sponsor a minor in "space tourism" at New Mexico State.**

1 votes

No response available.

---

**Are low-cost suborbital flights a feasible option? Does a transition from traditional aviation make sense? (Environment/cost)** 1 votes

No response available.

---

**How involved do you think the commercial industry should be in training students?** 1 votes

No response available.

---

**Are low-cost suborbital flights a feasible option? Are the fuel and resources needed very harmful to the environment compared to traditional aviation? (Does it make sense to substitute traditional aviation for suborbital flights?)** 1 votes

No response available.

---

**What demands do you foresee your customers creating for the local economy?** 1 votes

No response available.

---

**How involved do you think the commercial space flight industry should be in training students?** 1 votes

No response available.

---

**What are VG's long term plans? Any plans for orbital human flight?**

1 votes

No response available.
